BPR301
MIFARE READER

BIOSTURK

Features:

* Reading distance: up to 5cm
* Frequency: 13.56 MHz
* Read MIFARE UltraLight® and MF1 Standard cards
* Wiegand, ABA or RS232 interfaces
* Fast data transfer
* Weather resistant
* High data integrity
* User convenience
* Easy to install

Applications:

Access control
Security system
ID card for admission control
Personal Identification

TECHNICAL :

- PIC micro controller
- ISO/IEC 14443 A/MIFARE
- 13.56MHz
- Up to 5cm reading distance
- OC output
- BPR301W: 26 bit Wiegand
- BPR301A: ABA
- BPR301R: RS232
- BPR301S: Stand alone
- Operating voltage: 12 VDC
- Current: 100mA @ 12VDC
- Dimensions: 102.7x48.2x22 mm
- Weight 65gr
- Humidity: 80%
- Operating temperature: -5ºC to +55ºC
- On-line / off-line operation
- 500 user capacity
- LED
- Buzzer
